

Ignite Pickup Boxes – Maker Mentor Operating Guide

System URL: <http://ignitepickupboxes.clarkson.edu/>

Overview

This system has **2 parts**:

1. **Website (Control Panel)**
2. **Physical Boxes (Lockers)**

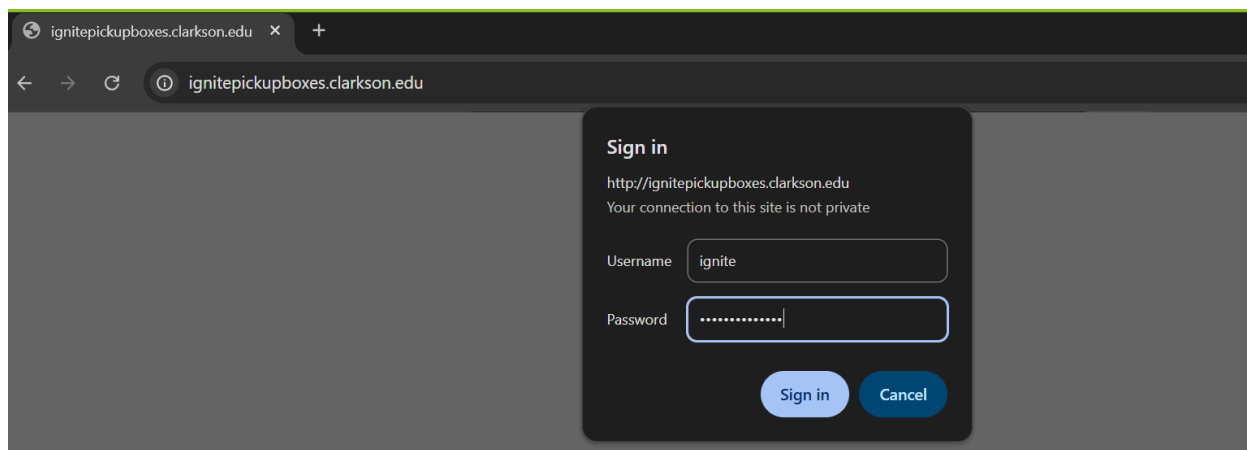

The **website controls the boxes**: everything starts there.

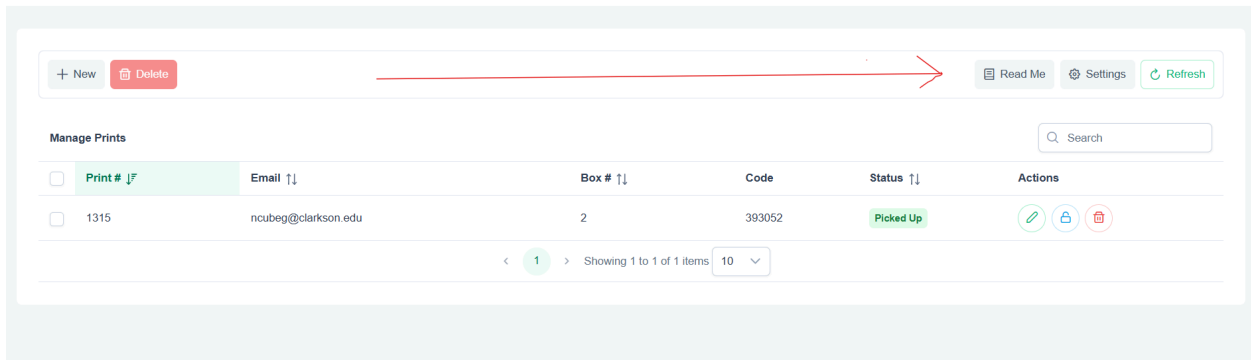

Accessing the Website

- Open the system using the desktop bookmark
OR go to: <http://ignitepickupboxes.clarkson.edu/>

Login (if prompted)

- Use **Makerspace credentials**

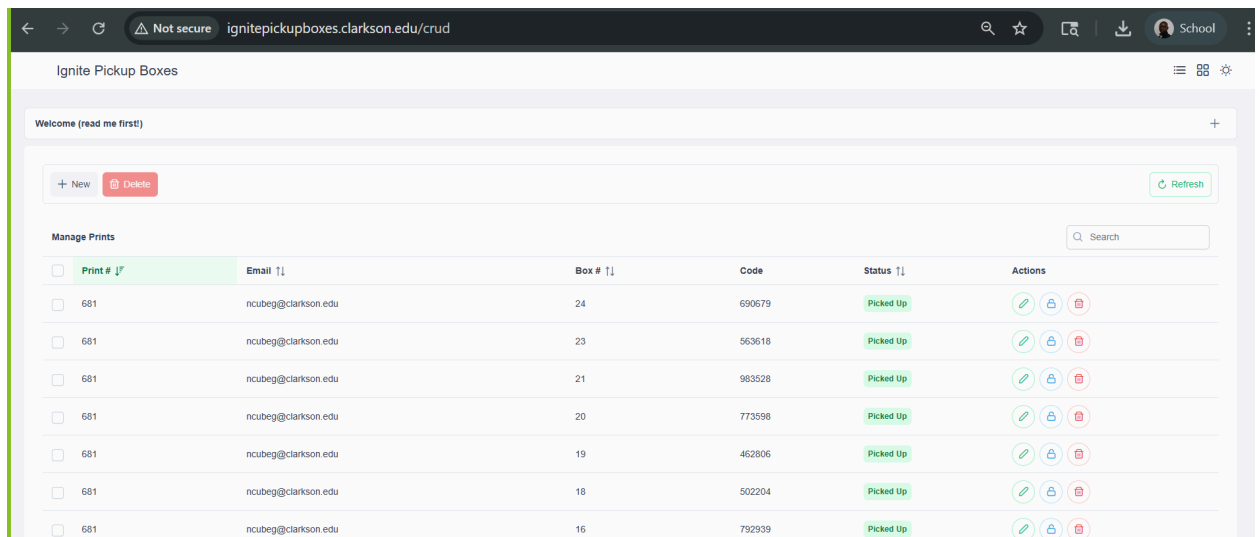

Click the + sign to read the mini user guide

Understanding the Interface

There are **2 ways to use the system**:

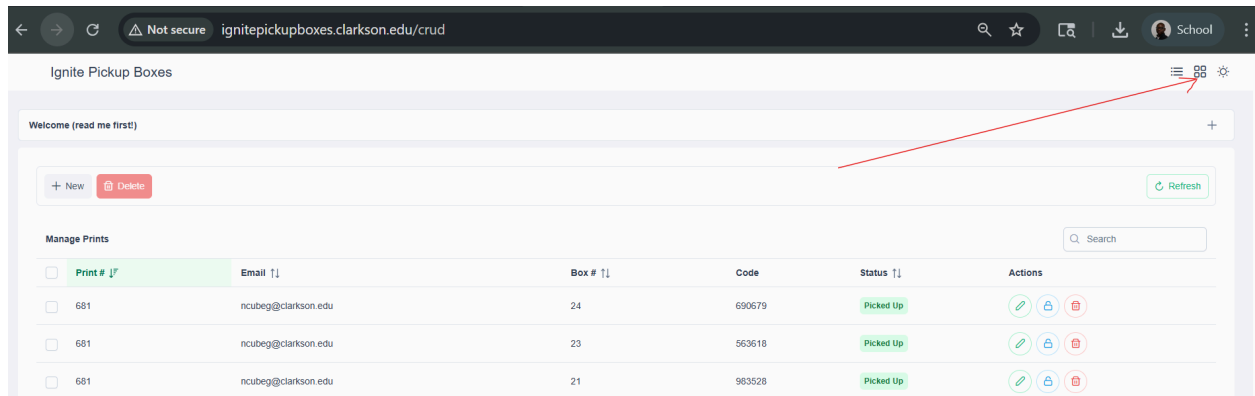

1. List View

- Table format
- Manual control of entries

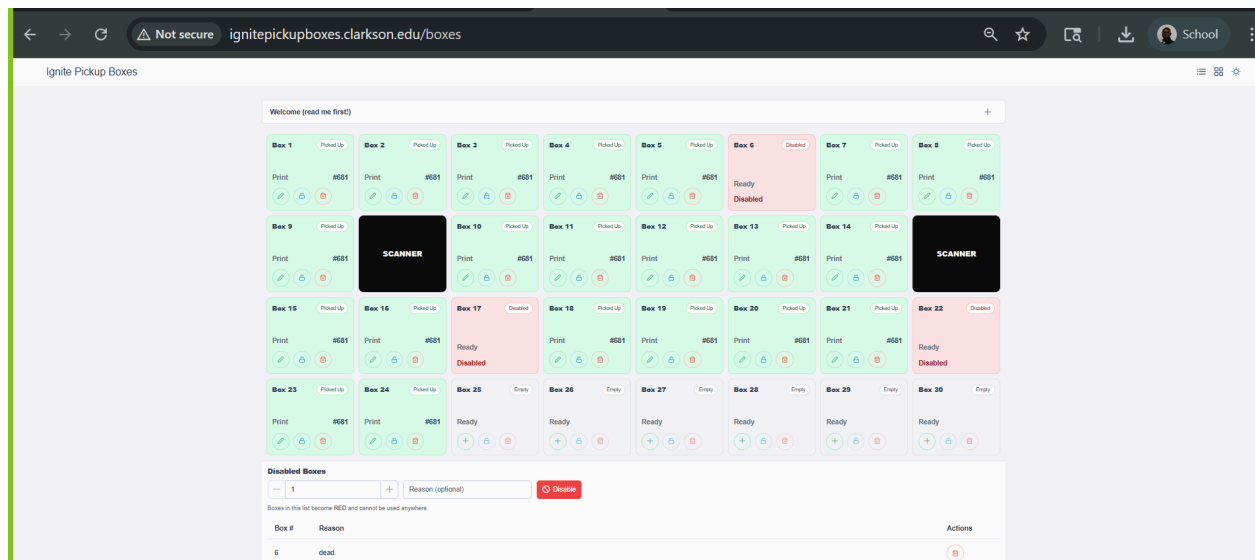

2. Box View (Recommended)

- Visual grid of boxes
- Easier and faster for daily use

Click on the grid square to switch to box view

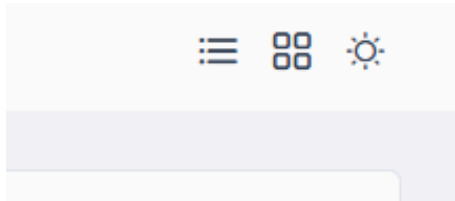

Box View – Color Guide

Color	Meaning
 Grey	Empty (available)
 Blue	Occupied (has a print inside)
 Green	Opened (recently unlocked)
 Red	Disabled (DO NOT USE)
 Black	Scanner (NOT a box)

Important Rules (READ THIS FIRST)

- Do NOT use **red (disabled)** boxes
- Do NOT use **black (scanner)** boxes
- Do NOT guess print numbers
- Do NOT put an item in a box before adding it in the system
- Always double-check the print number
- Always close the box door

SWITCHING BETWEEN VIEWS:

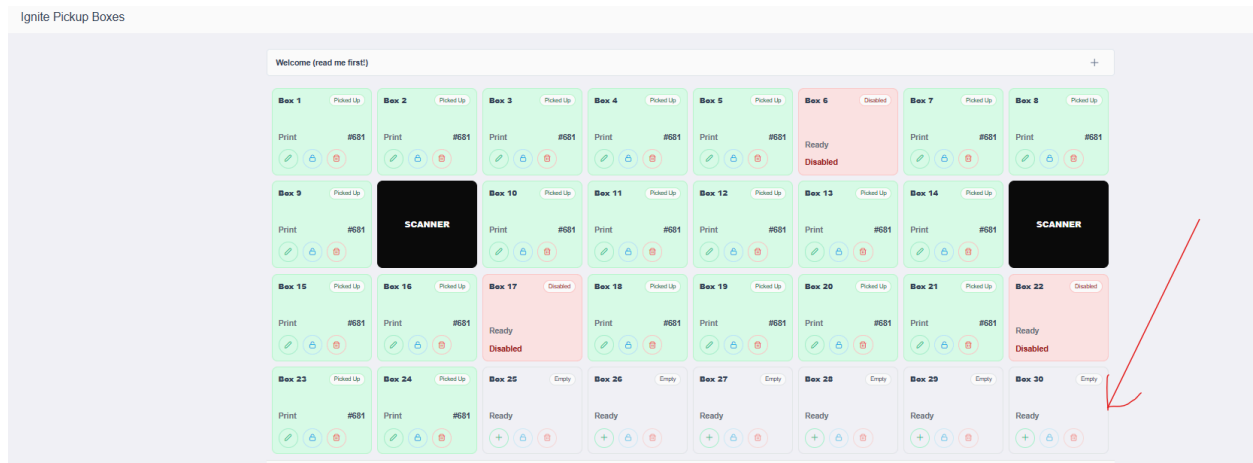

1. Clicking on the 3 parallel lines takes you to list view
2. Clicking on the 4 boxes takes u to box view
3. The Sun will switch between light mode and dark mode

PART 1: Using the Website

Method 1 (Recommended): Box View

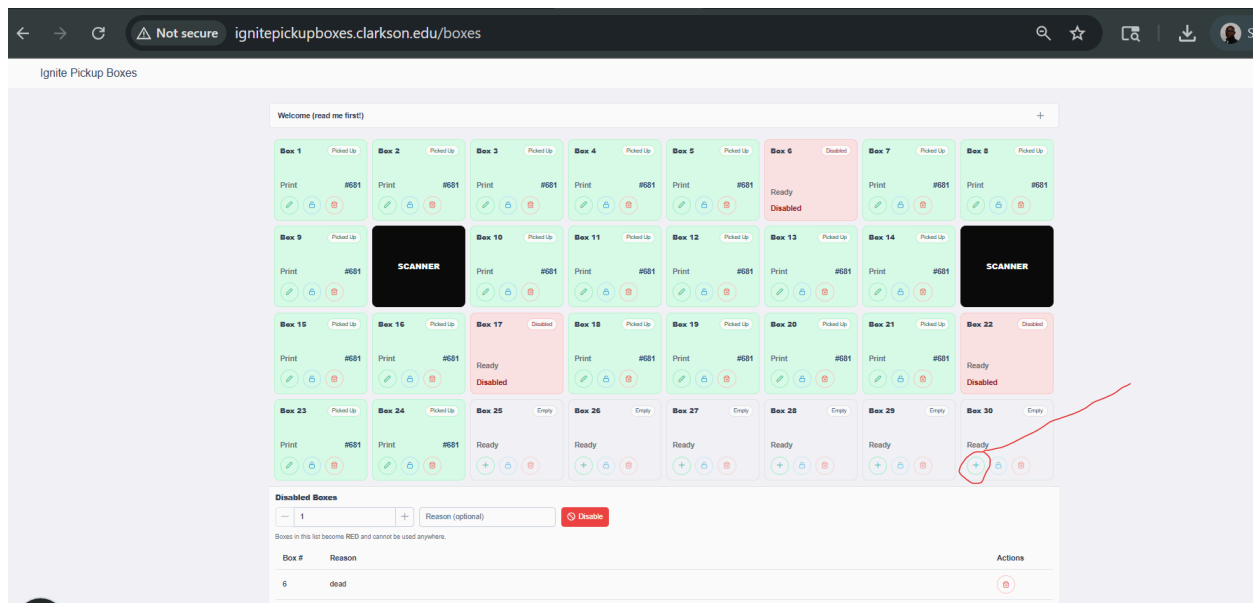

Step 1: Find an empty box

- Look for a **grey (empty)** box

Step 2: Click the box

- Click the box you want to use

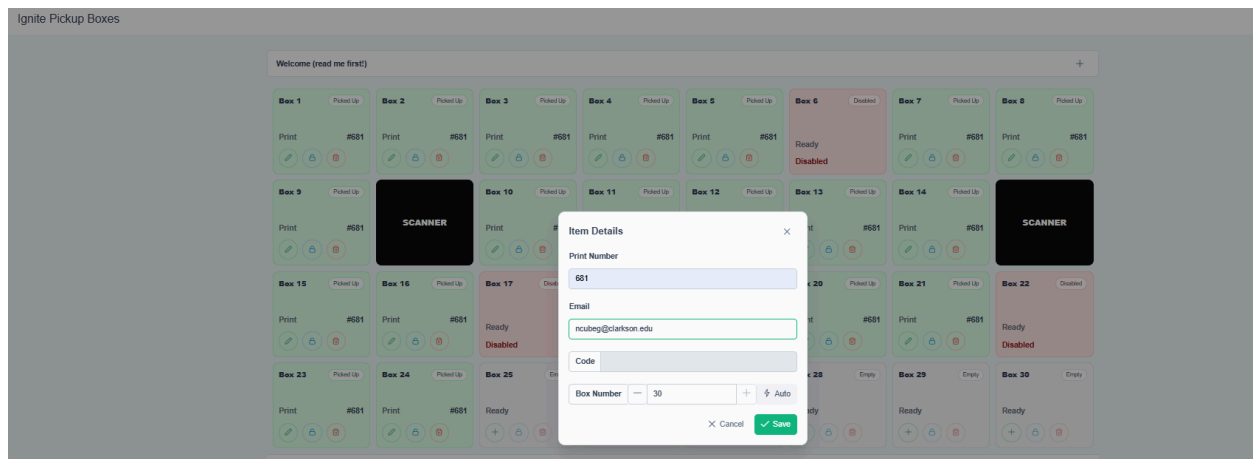

Step 3: Enter Print Number

- Copy the **print number from the Google Sheet** or **enter the number if you remember them.**
- Paste/type it into the system

Wait a few seconds

The system will:

- Search the sheet
- Automatically fill student details (email, etc.)

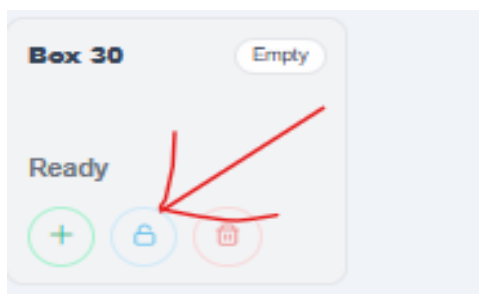

Step 4: Click Save

This will:

- Assign the box
- Generate a QR code
- Send an email to the student automatically.

Step 5: Open the box

- Click **Unlock**

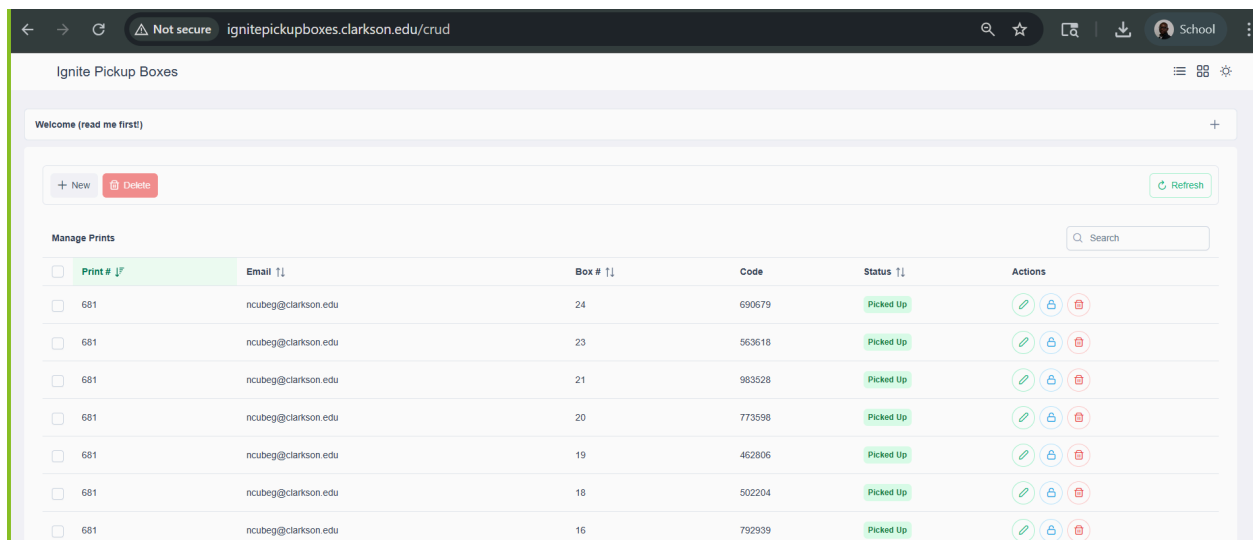

Note that the unlock button only becomes available if a print is added.

Step 6: Place the item

- Put the correct print inside
- Close the door completely

Method 2: List View

☐	Print # ↑↓	Email ↑↓	Box # ↑↓	Code	Status ↑↓	Actions
☐	681	ncubeg@clarkson.edu	24	690679	Picked Up	Edit Share Delete
☐	681	ncubeg@clarkson.edu	23	563618	Picked Up	Edit Share Delete
☐	681	ncubeg@clarkson.edu	21	983528	Picked Up	Edit Share Delete
☐	681	ncubeg@clarkson.edu	20	773598	Picked Up	Edit Share Delete
☐	681	ncubeg@clarkson.edu	19	462806	Picked Up	Edit Share Delete
☐	681	ncubeg@clarkson.edu	18	502204	Picked Up	Edit Share Delete
☐	681	ncubeg@clarkson.edu	16	792939	Picked Up	Edit Share Delete

Step 1: Click “+ New”

Step 2: Enter Print Number

- Paste from Google Sheet
- Wait for auto-fill

Step 3: Assign Box

- Type box number
OR

- Click **Auto** to assign automatically

The screenshot shows a modal window titled "Item Details" with a close button (X) in the top right corner. It contains several input fields: "Print Number" with the value "681", "Email" with the value "ncubeg@clarkson.edu", "Code" (empty), and "Box Number" with the value "1". To the right of the "Box Number" field is a button labeled "Auto" with a lightning bolt icon. At the bottom of the modal are two buttons: "Cancel" (with an X icon) and "Save" (with a checkmark icon). A red arrow points from the top right of the modal down to the "Auto" button.

Step 4: Click Save

- Email is sent automatically

Step 5: Unlock box and place item

- Click **Unlock**
- Place item inside
- Close door

Deleting a Print

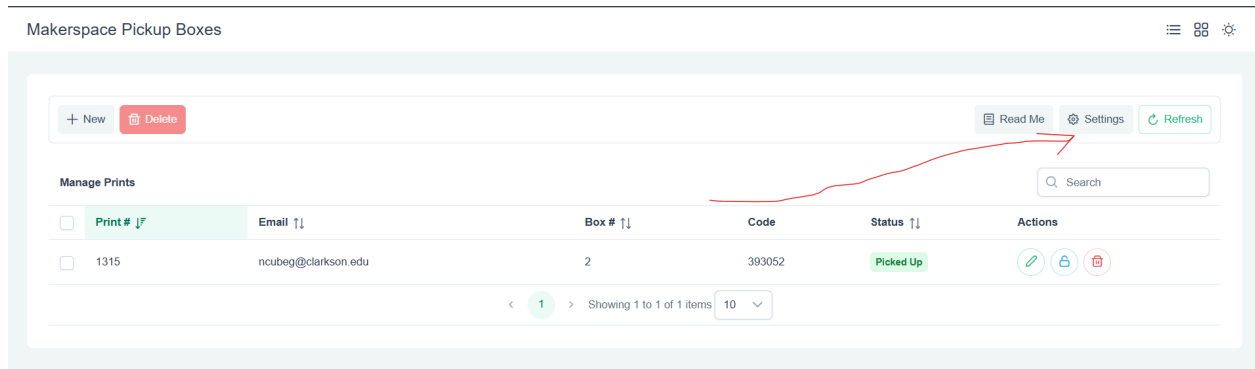

- Select the print record as shown below in the screenshot
- Click the **Delete** button
- This removes the record from the system

The screenshot shows a web interface with a header "Welcome (read me first!)" and a "+ New" button. Below the header is a "Manage Prints" section with a search bar. A table lists print records. The first record is selected (checked). The "Delete" button in the top bar is highlighted with a red arrow. The delete icon in the "Actions" column of the first row is also highlighted with a red arrow.

	Print #	Email	Box #	Code	Status	Actions
☒	681	ncubeg@clarkson.edu	24	690679	Picked Up	

Or you can press the delete icon next to the entry under actions.

Adding a new google sheet link “Print Tracker”

Click settings

Paste the new google sheet url in the space and click “Save Google Sheet”

NB: COLUMN ORDER MUST NEVER BE CHANGED FOR THE FOLLOWING:

Print number: Col 1

Date: Col 6

Print Status: Col 7

Email: Col 14

Name: Col 15

Date added: Col 22

Date picked up: Col 23

PART 2: Physical Boxes

Putting an Item in a Box

1. Click **Unlock**
2. Wait for the box to open
3. Place the correct item inside
4. Close the door properly

Student Pickup (How It Works)

- Student receives an email with a **QR code**
- They scan it at the scanner
- The correct box opens

QR Code Behavior (IMPORTANT)

- Each QR code works **only 2 times**

After 2 uses, the code becomes **invalid**

If the QR Code Stops Working:

You have 2 options:

Option 1: Recreate the Entry

1. Delete the print record
2. Add it again using the same **print number**
3. A new email with a new QR code will be sent

Option 2: Manually Open the Box

- Click **Unlock** on the website to open the box for the user

What “Green Box” Means

- Green = box has been **opened**
- This usually means:
 - Student accessed it
 - OR QR code was used at least once

Troubleshooting

Box not opening

- Click **Unlock again after a few seconds**
- If still not working: Contact supervisor

Wrong print added

- Delete the entry
- Recreate it correctly

System slow

- Wait a few seconds (normal)
- It is fetching data from Google Sheets

No boxes available

- Wait for pickups
- OR ask supervisor

Box malfunctioning

- Go to bottom of **Box View**
- Disable the box

Disabled boxes cannot be used

Quick Checklist (Every Time)

Before leaving:

- Correct print number entered
- Box is NOT disabled
- Item placed in correct box
- Box door closed
- Entry saved successfully
